Berried Delights

(307) 746-9334

Berried Delights officially started business in the fall of 1998, however, owner Elizabeth "Liz" Townsend has been enjoying "jamming" since her oldest daughter Natasha was 6 months old. What started out as a way to preserve an abundance of concord grapes has grown into a business that keeps her busy most nights and weekends. She attends area craft fairs where people can sample the wares before purchasing their favorite flavors.

Every fall she can be found picking the wild plums, buffalo berries, and chokecherries that she uses. Berried Delights now offers over 40 flavors or flavor combinations of jams, jellies, fruit butters, marmalades, and fruit syrups. Liz is continually experimenting with new flavors to make and asking people to critique them. The end result of one tasting has become one of her "hottest" sellers, Raspberry Jalapeño Jam. Several stores carry Liz's products, including Woody's Food Center, Sagebrush Market, and Something Healthy in Newcastle, Larkspur Home in Gillette, as well as stores in Casper, Wheatland, Douglas, Laramie, Cheyenne and Rapid City, S.D. The entire list of flavors can be found on her website, berrieddelights.com. Liz is so very grateful to her family, friends, and customers for their continued support, as well as all the people who offer her fruit from their trees and produce from their gardens.

Over the years, what started out very small has grown to be her passion. Visit and 'Like' Berried Delights on Facebook.

Dixon Brothers Trucking

5093 U.S. Highway 16, Newcastle
(307) 746-2788

When Jim Dixon launched Dixon Brothers Trucking 64 years ago, few would have predicted that the venture would grow into a company that employs approximately 160 people that work out of 11 different terminals located in five states.

The recent completion of the attractive new headquarters building on the eastern edge of Newcastle is just one of the signs of the continued growth and improvement, as is the addition of a Denver terminal in the fall of 2015. Dixon purchased another Colorado trucking company in the summer of 2021.

A small business started in Weston County has become a major cog in the economy of the entire region, and Dixon Brothers operates more than 120 trucks and 300 trailers, hauling gasoline, diesel, propane, jet fuel, cement, asphalt and chemicals. Since Dixon incorporated the company with his brother Jerry in 1961, the company has kept pace with changes in transportation and the regulations that govern the industry through management that has allowed Dixon Brothers to grow consistently.

Through all of the expansion and improvement, Dixon Brothers is still just as much a family business as it was half a century ago. Jim's son, Jimmy, and daughter, Suzette Miller, have taken over the majority of the management tasks, and Jim's grandchildren are employed at Dixon Brothers as well. In 2010, the Wyoming State Legislature recognized the contributions made by the family and company to both the industry and the state.

Farm Bureau

My name is Holly Borton, and I am the new owner of Weston County's Farm Bureau Insurance Agency. Mountain West Farm Bureau was founded in 1948 by ranchers. I am proud to say that the first Wyoming policy written was in Weston County, as well as the first president was from Weston County.

We welcome inquiries regarding our other lines of business as well. It is my goal as an agent to ensure that you are properly covered and to be there for you during all the different chapters of your life.

I am a 13-year resident of Newcastle and began my career as an agent in January 2024. I have already been fortunate to meet and work with many of you, but for those I have not had the pleasure of meeting I very much look forward to introducing myself.

The Farm Bureau office hours are 8:30 a.m. – noon, and 1–4:30 p.m., Monday through Friday, and after hours by appointment.

Farmers Insurance

128 W. Main St., Newcastle
(307) 746-2700

Michael Freeman opened for business in Newcastle as a Farmers Insurance agent in June of 2017. Neither Farmers nor Michael are new to the area though. Farmers has been around since 1928, and Michael was born in Wyoming and graduated high school in Newcastle, so he knows a thing or two about this area.

Farmers provides a wide range of insurance, such as home, auto, commercial, life, farm, and financial services. Though they have a full gamut of insurance, they pride themselves most highly on their service.

"We can actually usually beat, or at least compete with, online prices, and you can actually come yell at us — you can't yell at a computer and expect it to respond like we will," Freeman said.

In 2020, Michael expanded his business by becoming an authorized Blue Cross/Blue Shield agent, offering even more coverage.

They are happy to be part of the community, and ready and willing to serve those in Newcastle, Upton, Osage, surrounding counties, and South Dakota. To get a feel for their outstanding service, drop by 128 West Main in Newcastle.

Newcastle Equipment

1070 W. Main St.
(307) 746-4520

Vernard Durrell Mills began MJT Construction in the 1940s installing power lines, helping to provide electricity to the area. He then went on to the trucking business leasing trucks to Johnston Fuel Liners hauling jet fuel and liquid petroleum.

In 1981, Vernard partnered with his son Ron and they moved to their present location and became a repair facility for trucks and big rigs. Ron's son, Chris, came home from the Navy in 1981, and joined the business. He was soon followed by his sons, Tyler and Kyle, who both worked at the business during high school, and returned after Kyle's service in the National Guard, and Tyler's service in the Navy.

Former office manager, Nancy McVay, recently retired after 38 years of dedicated service to the business. Chris recently has taken over the business for his parents, and looks forward to providing the same service you've come to expect from the longest standing and most recognizable truck repair and fabrication business in Weston County.

Newcastle Equipment is open from 7 a.m. to 5 p.m. Monday through Friday, and Saturday by appointment.

"I'm in love with everything that this talented amazing woman crafts! Everything is made with love and it shows!" — Katherine Clark.

Welcome to Wyoming Silvers, owned by Dennis and Jill Hendrix of Upton. Established in 1983, their work reflects the American West and a passion for items that are quality, beauty and retain a flavor of the western life they live.

Dennis creates a lariat basket line that are hand formed — each one is unique and precise in workmanship. They are created from recycled lariats from cowboys in Wyoming.

Jill specializes in flamework glass and silver work. She won the 2011 Best of Show at Bismarck Arts and Galleries, 2010 Honorable Mention at the Yankton Area Arts, and "Whos Who of American women artists," featured artist with Anderson Americana Galleries. Customers can purchase pieces she has already created (on the website), or contact her for a custom piece! Seasonal hours or by appointment.
